

Treatment as Prevention: From Science to Implementation

Tuesday July 24

Reception: 5:30 – 6:30

Event: 6:30 PM – 8:30 PM

AAAS Auditorium (1200 New York Avenue NW)

Join a distinguished group of experts to discuss:

- Updates on the Science on Treatment as Prevention, Combination Prevention Trials, Testing and Engagement in Care
- Science Driving Public Policy
- Implementation Issues from the Provider and Advocate Perspective
- The Economics of Treatment as Prevention

Panel One

An Update on the Science: Examining Impact through Observational and Experimental Study Designs

Moderator

Sten Vermund, MD, PhD

Professor of Medicine
Director for Institute of Global Health
Vanderbilt University School of Medicine

HPTN 052 Update and Overview

Myron Cohen, MD

J. Herbert Bate Distinguished Professor of
Medicine, Microbiology and Immunology
Univ. of North Carolina at Chapel Hill

**An Overview of PEPFAR-supported
Treatment/Combination Prevention
Trials**

Nancy Padian, PhD, MPH

Professor, Dept. of Obstetrics, Gynecology
and Reproductive Sciences
Director of International Research at the AIDS
Research Institute
University of California at San Francisco

**An Update from the ANRS Test and
Treat Study: Kwa Zulu Natal, South
Africa**

Till Barnighausen

Senior Epidemiologist
Africa Centre for Health and Population
Studies
Assistant Professor of Global Health
Harvard School of Public Health

**New York City: The Science Behind
the Evolution of a Test/Treat Policy**

Blayne Cutler, MD
Director of Prevention, Bureau of HIV/AIDS
Prevention and Control
City of New York

New Models of HIV Testing

Tom Coates, PhD
Director, UCLA Program on Global Health

Panel Two

Reactions: Implementation Issues and Strategies

Moderator

Barbara Jasny, Ph.D.
Deputy Editor for Commentary Science/AAAS

**Implications of treatment as
prevention policies from the
perspective of a community activist**

Dazon Dixon Diallo, MPH
President, SisterLove, Inc.

**Realities of implementation from the
frontlines**

Jean Nachega, MD, Ph.D, MPH
Associate Scientist in International Health and
Epidemiology
Johns Hopkins Bloomberg School of Public
Health
Professor, Department of Medicine
Director, Centre for Infectious Diseases
University of Stellenbosch

**Lessons from the Field: The Bronx
and South Africa**

Donna Futterman, MD
Professor of Clinical Pediatrics
Director, Adolescent AIDS Program
Albert Einstein School of Medicine

**Implementation and resource issues
from the perspective of an
economist**

John Blandford, Ph.D
Chief, Division of Global HIV/AIDS Health
Economics, Systems and Integrations Branch,
CDC
