

## Hepatitis C Diagnostics – the Bottleneck to Unlocking a Global Market

Sheraton Boston, Republic Ballroom, 2<sup>nd</sup> Floor  
39 Dalton Street  
Boston, Massachusetts 02199  
November 11, 2014

### AGENDA

**1:00 PM Hepatitis C Diagnostics--the Bottleneck to Unlocking a Global Market**

*Lunch will not be served.*

*In this side meeting, the potential of diagnostic tests to drive access to hepatitis C care and treatment in limited-resource settings will be discussed. Low and middle-income countries represent an estimated 75% of global disease burden.*

Foundation for Innovative  
New Diagnostics- a partner in diagnostics  
for limited-resources settings
