Meeting Focus

- HCV DAA-treatment failure analysis issues
 - Addressing the DAA-treatment failure data gaps and lack of standardization.

Treatment Failure Analysis WG will:

Deliberate strategies and develop recommendations for DAA-treatment failure data collection, reporting, and analysis. The WG meeting will be a forum to collaboratively pool and analyze real-world treatment failure data and **broaden knowledge:**

- Of the biological and clinical characteristics of DAA-treatment failures
- In DAA-treatment failure prevalence by genotype/sub-type
- To standardize method of tracking and analyzing real world DAA-treatment failure data
