Forum's Operating Principle

*Facilitating collaborative research in drug
development and health policy*

“Once new drug candidates and therapeutic strategies are identified, their efficient, safe development is in the best interest of all stakeholders, most of all, the patients”

Impact on Drug Development

*Facilitating collaborative research in drug
development and health policy*

- **Increase**
 - Clarity
 - Efficiency
 - Collaboration
 - Innovation
- **Decrease**
 - Uncertainty
 - Redundancy
 - Development time
 - Risk

*Facilitating collaborative research in drug
development and health policy*

Win-Win

- Accelerate drug development not by lowering standards, but by increasing efficiency through collaboration

Operating Principles

- Equal voice
- Co-ownership of process
- Open discussion and deliberation
- What's said at the CMV Forum stays at the CMV Forum
- Industry participation:
 - Not contingent on financial support
 - CMV Forum assemblies: 2 max/company
 - ◉ More may participate in Working Groups
 - Scientists and clinical researchers
 - ◉ Not for marketing and commercial branches

*Facilitating collaborative research in drug
development and health policy*

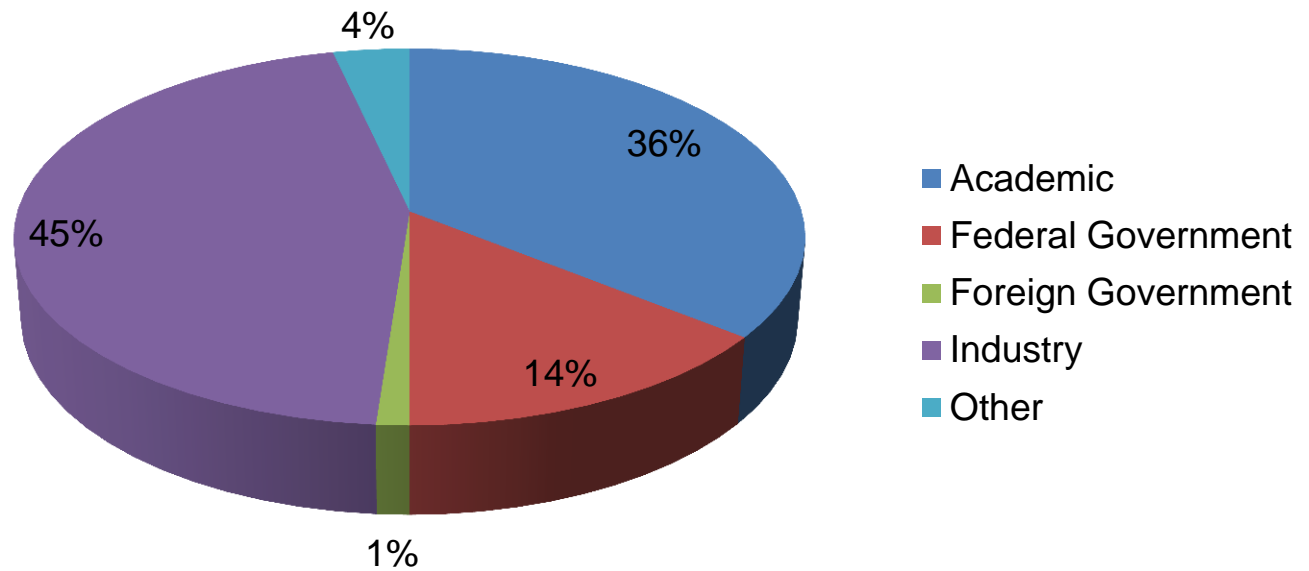

CMV Forum Achievements

- Disease Definitions Manuscript
- Systematic Review

CMV Forum Members

Facilitating collaborative research in drug development and health policy

Financial Sponsors

Facilitating collaborative research in drug development and health policy

Steering Committee Members

Facilitating collaborative research in drug
development and health policy

Michelle Berrey, Co-chair
Chimerix, Inc.

Per Ljungman, Co-chair
Karolinska Institutet

Paul Baum
Roche Molecular Systems

Michael Boeckh
University of Washington

Gavin Cloherty
Abbott Molecular

Lesia Dropulic
National Institutes of Health

Paul Griffiths
University College London

Atul Humar
University of Toronto

Peter Hunt
University of California, San Francisco

Filip Josephson
EMA

Takashi Komatsu
U.S. Food and Drug Administration

Li Li
U.S. Food and Drug Administration

Veronica Miller
Forum for Collaborative Research

Jeff Murray
U.S. Food and Drug Administration

Jules O'Rear
U.S. Food and Drug Administration

Randi Leavitt
Merck Research Labs

*Facilitating collaborative research in drug
development and health policy*

Many Thanks
