	<ul style="list-style-type: none"><li>Regulatory Perspectives</li></ul>	Kathleen Whitaker, <i>U.S. Food and Drug Administration (TBC)</i>
12:20 PM	<b>Discussion</b>	<i>All</i>
<b>1:00 PM ET</b>	<b>Adjourn</b>	

# Recovery from First Trans-jugular Biopsy

# Clinical Trial Support

Photo of Joe Balestreri and Annie Harrison, the desk clerk at the NIH Safra Family Lodge. She "adopted" Joe after tens of solo trip across the country to the NIH.

This photo highlights the importance of providing patients with support during clinical trial participation. Patients are often far from home and loved ones during medical visits with challenging procedures.
