

**Forum for  
Collaborative HIV Research**

# **Global Surveillance of Antiretroviral Drug Safety**

## **Stakeholder Perspectives**

**Veronica Miller PhD**  
Forum for Collaborative HIV Research

June 11, 2010

*enhancing & facilitating HIV research*

# Forum Mission

---

- The Forum for Collaborative HIV Research is a public/private partnership including government agencies, industry, HIV researchers and clinicians, payors, foundations and the HIV patient advocacy community.

Our mission is to facilitate and enhance HIV research.

## Major Recommendations from Forum WG Roundtables

---

- Use sentinel-site based methodology for collecting toxicity data in a standardized format
- Make best use of currently ongoing observational cohort studies
- Engage all stakeholders (including program sponsors and pharmaceutical industry) in the effort

*enhancing & facilitating HIV research*

## 2008 Forum/WHO Collaboration

---

- Bring together the traditional pharmacovigilance and the HIV treatment communities
- Establish a common framework for the reporting of HIV treatment related adverse events in various regions

*enhancing & facilitating HIV research*

## June 11, 2010 Meeting

---

- Bring all stakeholders together
- Learn about all the multiple efforts underway
- Discover opportunities for collaboration
- Can we achieve synergy?
- Follow-up meeting early 2011

# Acknowledgments

---

- Funding:
  - Bill & Melinda Gates Foundation
- Initial planning
  - Micheline Diepart and Shanti Pal (WHO)
  - Charles Holmes (OGAC)
  - Bill Rodriguez and Steve Becker (BMGF)
- Forum team
  - Nyasha Bakare MD MPH
  - Jur Strobos MD JD
  - Sarah Kim MPH and Amy Mangieri MPH
