

THE FORUM
For Collaborative ResearchSM

Welcome to the Forum *Policy Series!*

**Towards Accelerating Strategies for Hepatitis B
Elimination: Increasing Vaccination Among Adults
in High-Impact Settings**

Atlanta, GA

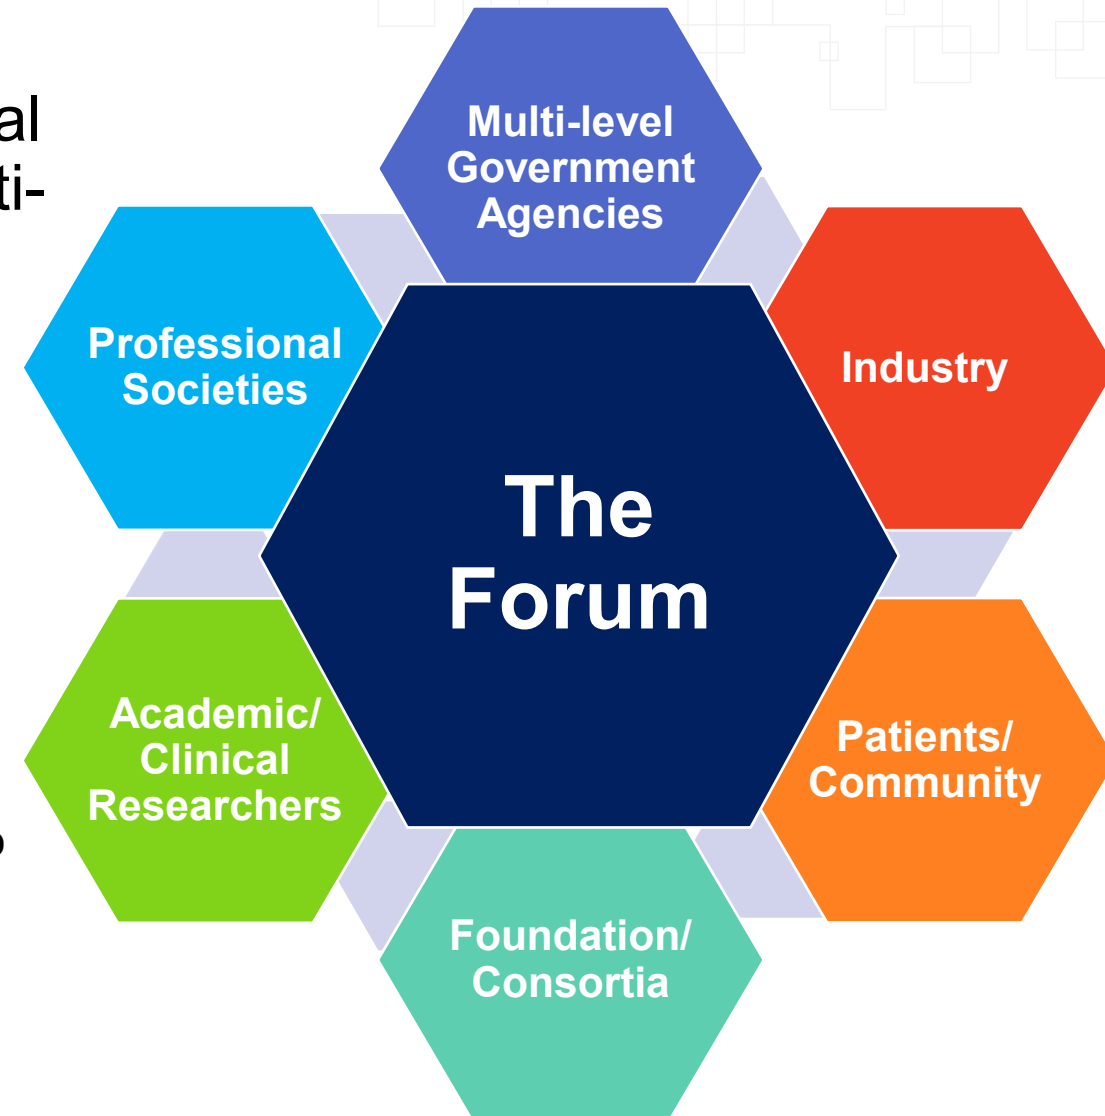

Veronica Miller, PhD

Director, Forum for Collaborative Research

Berkeley Public
Health

The Forum for Collaborative Research

- **What:** advancing drug development and clinical research to improve global health through multi-stakeholder engagement
- **Three areas of impact at the Forum:**
 - 1) Practice
 - Address unmet medical needs in 7 disease areas: HIV, HBV, transplantation associated virus infections (TAVI), NASH/NAFLD, PSC, rare diseases, ocular diseases
 - 2) Research
 - Spearhead research collaborations to increase access to innovative health products
 - 3) Education
 - Train leaders in health policy and drug development

Policy Series at the Forum

- Education → *Policy Series*
 - 2008, 2010: National Summit on HIV Testing
 - 2012 National Summit on HIV and Viral Hepatitis
 - 2015 National Summit on HCV and HIV Diagnosis, Prevention and Access to Care
 - 2022 Towards Accelerating Strategies for Hepatitis B Elimination: Increasing Vaccination Among Adults in High-Impact Settings

Goal

- Support the *ACIP* guidance for adult HBV vaccination
 - Implementation – focus on high-impact settings

Today's Agenda

- **Session I:** setting the stage presentations
- **Session II:** exploring gaps in universal hepatitis B vaccination in health care, health departments, harm reduction, corrections, and health policy
- **Session III:** focused small group strategizing sessions to produce implementation recommendations
- **Session IV:** bringing the strategies together in large group

Outcomes and Outputs

- New collaborations across
 - Organizations
 - Sectors
 - Local, regional, national agencies
- Ongoing conversations/networking
- Publication
 - Special issue on HBV Elimination in Journal of Virus Eradication
